POMeSYS Updates

Dear \${FNAME}Customer|Guest|\$,

TwinPeaks is dedicated to improving our software and rolling out updates to users as they become available. Below are some of the improvements and enhancements now available:

- When running the Weekly Sales Recap, users can choose either Saturday or Sunday as the ending day, depending on the beginning week in the settings.
- When editing orders, users can now append a customer's order template to an existing order.
- Users can now filter out starters on the Production Sheet report.
- Users can now choose a bank account when entering Quick Payments.
- Users can filter Quick Payment invoices by Route.
- Under settings, users can have POMeSYS check for duplicate PO numbers when entering orders.
- Company information now prints on the Bill of Lading.

If you have any questions about these updates, please call 626-793-7223 or email info@twinpeaks.net.
