POMeSYS Updates

Dear $[FNAME|Customer|Guest]$,

TwinPeaks is dedicated to improving our software and rolling out updates to users as they become available. Below are some of the improvements and enhancements now available:

- Users can now add notes to any Ship To file.
- Users can print a Ship To's secondary phone on the Driver's Sheet.
- The Packing Report can now be grouped by Ship To Department.
- Users can now print Packing Labels by customer.
- The Production by Customer report can now be grouped by Item Category.
- The Customer List report can now show only POMeSYS Remote customers.
- POMeSYS Remote users on iOS now have larger quantity fields in Safari.
- The Recurring Orders List report can now show or hide 0 quantity templates.
- Users can now show base units, baking units, or both on the Required Doughs report.
- Users can now rename memorized reports.
- The Payments Received Registers (detail) now shows the invoice date after the invoice number.

If you have any questions about these updates, please call 626-793-7223 or email info@twinpeaks.net.
